Where do I get the exam certificate?

Certificates · https://aardvarknotarytraining.com/help/where-do-i-get-the-exam-certificate/

The state issues the exam certificate after you complete the exam on its website. This is separate from our training quiz.

The state provides the certificate upon completion of theIR exam. If the state says that they are missing the “exam certificate,” then they are looking for a certificate from their website, not our training.
